ABOUT THE SPACE

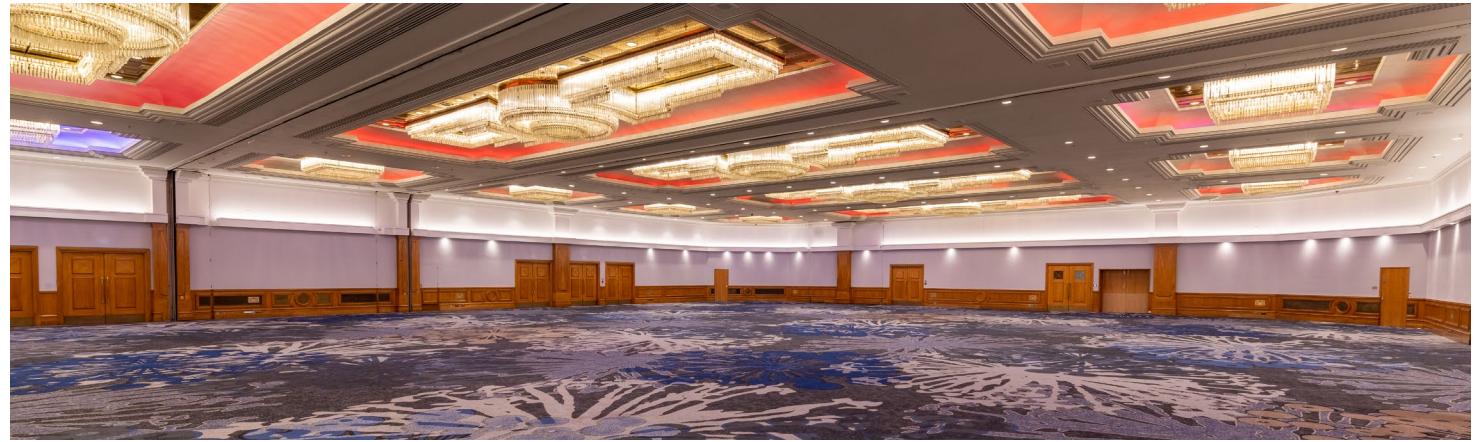

Imagine this, space for up to 1,900 delegates, a foyer area for drinks receptions, your own organisers office, a cloakroom with registration area and the ability to be able to be split into two separate meeting areas with an adjacent room that is perfect as a break-out space. Introducing our Monarch Suite, the crown jewel in our meeting space offering and the ideal location for your next big event.

With almost 1,299 square metres of space, the Monarch Suite is perfect for those wishing to enjoy their own creative freedom. With a built in DMX control and cathode lighting system, the Monarch also includes built-in cable troughs to hide wiring requirements, while loading access direct from the road means that cars,

caravans and even double decker buses can be placed within the Suite. With your own exclusive entrance, the space can also be branded to incorporate the theming of your next product launch, exhibition and even gala dinner. There's even a water point to create your very own water feature!

Directly above the Monarch Suite are 172 comfortable and exclusive use bedrooms, ensuring that organisers and delegates enjoy complete control over the space and their very own hotel within a hotel experience. Lift access for bedrooms is available directly from the Monarch foyer, while the Suite is also fully licensed until 2.00am.
